PAINT BY NUMBERS

We looked at you through loving eyes
Faces pinned to the fence
Three was green and seven red
Sunshine stole through the canvas

Paint by numbers think through time
Love before life leaves you
Buttons and bows
Chalk on the grass
Always, always, always

The music moved our minds at will
Lost within the feeling
Lights up north, just holding hands for those
Precious stolen seconds

Always in my heart
Always in my dreams
Always
Always there
So it seems
