# THE CLOUD/ÜBERVEILLANCE (Part 3)

Misty view
Chipped and tagged
In the cloud
The blue light makes you stay
Tracks what we do
Our data's stored somewhere forever
In the Cloud that has no soul

We strove for freedom
Once held the prize
Look in the mirror
Look in your eyes
If love still beats within you all
Embrace, look up
Be human once again.

Misty view ...   Chipped and tagged ...
In the cloud ...   The blue light makes you stay ...
Track what we do ...   Our data's stored somewhere forever ...
In the Cloud that has no soul ...

We strove for freedom, once held the prize
Look in the mirror, look in your eyes
If love still beats within you all,
Embrace, look up, be human once again.
